

N-Durance

*The Next Generation
of Soybean Inoculant*

DEI's proven N-Force™ soybean inoculant technology combined with Azospirillum bacterium for enhanced root growth and development. N-Durance™ is developed for high organic and productive soil types.

A combination of Bradyrhizobium and the natural nitrogen fixing power of Azospirillum

Advanced root hair growth and development, increased nodulation and higher yields

Stands out in high organic soils

Easy to use all in one product

Two-year shelf life

240 days survival on seed

**1 x 10⁶ Bradyrhizobium
2 x 10⁴ Azospirillum**

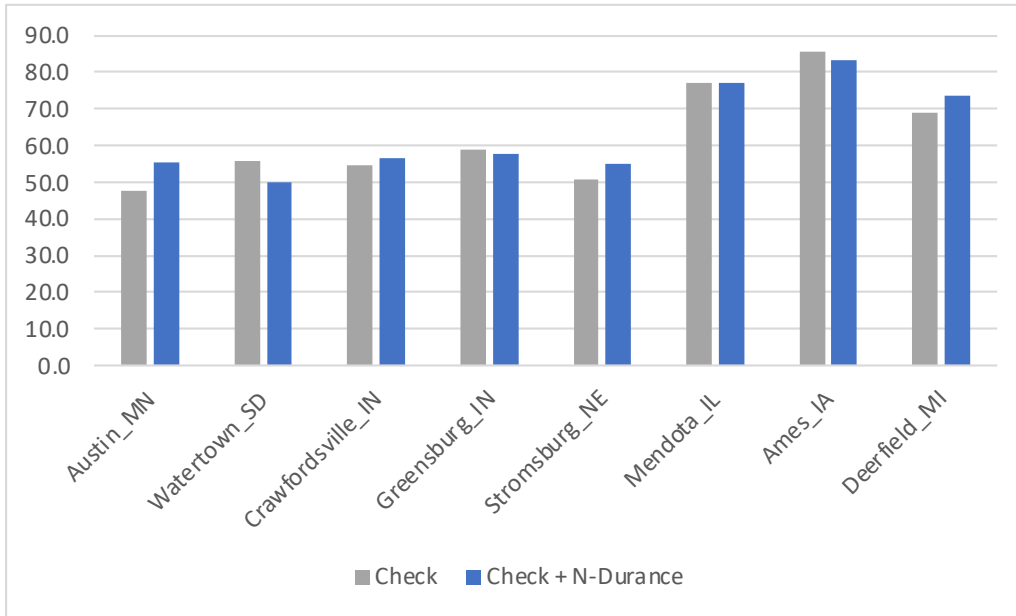

2 oz./cwt or 1 oz. per unit

**Available in:
2.5 gallon jugs (treats 320 units)
15 gallon kegs (treats 1920 units)**
